6. An agency's justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:

The Board's current rules rely on A.R.S. § 32-1826(A), which requires the Board to establish fees by a formal vote at its annual January meeting. As a result, the Board has annually established and posted its licensing fees on its website. The Board has never placed the licensing fees in rule. The recent addition of A.R.S. § 41-1008(D) to the Administrative Procedure Act requires an agency to comply with all rulemaking provisions to establish or increase a fee unless the agency is granted an express exemption by the legislature. This change makes it necessary for the Board to put its fees in rule. This rulemaking puts the fees charged by the Board for its licensing activities into rule. It does not increase any of the fees.

7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

None

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

9. A summary of the economic, small business, and consumer impact:

The rulemaking will have no impact on applicants and licensees required to pay the fees because the fees currently exist. The fees are simply being placed in rule form as now required under A.R.S. § 41-1008(D).

10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:

No changes were made between the proposed and final rules.

11. An agency's summary of the public or stakeholder comments made about the rulemaking and the agency response to comments:

No comments were received regarding the rulemaking. No one attended the oral proceeding on June 26, 2012.

12. All agencies shall list any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

None

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The rule does not require a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Federal law is not applicable to the Board's licensing fees.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No analysis was submitted.

13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:

None

14. Whether the rule was previously made, amended, or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall

state where the text was changed between the emergency and the final rulemaking packages:

No applicable
