Non-disciplinary Actions Removed from Board Website

The Arizona Board of Osteopathic Examiners has removed from its website all non-disciplinary actions taken by the Board against physicians' licenses. Non-disciplinary actions include Letters of Concern and Orders for Continuing Medical Education. Removal of these actions was required by changes to state law, A.R.S. §32-3214. For the Board, this means that those actions will no longer show on a doctor's search/profile page or on the Board's Recent Action pages. Copies of non-disciplinary actions that have been taken within the past five years will still be available by written request to the Board office. In addition, the Board's minutes will still contain the Board's action in issuing non-disciplinary actions. Minutes are available on the Board's website, free of charge for viewing or printing.

Disciplinary actions will continue to be published on a doctor's profile page on the Board's website, and will continue to provide a link to the Board documentation of those actions.
