

## **This is a Courtesy ALERT for all MDs, DOs and PAs**

The Arizona Medical Board (AMB) recently learned that scammers are becoming more aggressive in targeting physicians.

Scammers are sending written communication fraudulently asserting that they represent the AMB. They demand the payment of monies so the physician can avoid license suspension.

***Please see the letter embedded in the body of this email which was used to facilitate this scam. The name and title of the individual in the letter are fraudulent. No one by this name works for the AMB.***

Please know that any revocation of a license is a multi step process including the right to a due process hearing.

A communication like the one shown here would never be sent from the AMB, and beyond standard license fees, there are very few instances where the AMB would collect money directly from a physician.
